## What investors get

### DEAL FLOW

Curated **pre-seed cases** from Rheinland-Pfalz. Founders pre-screened, mentored for six months, business model stress-tested before they reach you.

### TERMS

Ten percent **discount on the valuation** for follow-on rounds. First-right-of-refusal as co-investor. No fee, no carry, no platform tax.

### ACCESS

Quarterly **roundtables in Andernach** with Marc Buchholz. Direct contact with founders and mentors. Personal, not platform.

## Why now

3B is publicly funded, founders keep their equity, and the cohort sits in one place for six months. The result is a high-signal pre-seed pipeline that does not exist on AngelList or Crunchbase yet.

### Non-dilutive

€20k grant means founders join us at zero cost. Selection bias toward serious teams.

### Regional anchor

Sitz in Rheinland-Pfalz mandatory. Less geographic chaos for follow-on diligence.

### Working network

Sparkasse, ISB, Business Angels RLP, mid-sized industry. Pilots happen, not just promises.
